

GSX-S 1000 Seat Cowl Fitting Instructions

This Seat Cowl replaces the original passenger seat. It is NOT designed to take the weight of a passenger.

Forward fixing uses the riders seat mounting bolt. Rear fixing is by Velcro tabs supplied. Please ensure the two loose self-adhesive backed Velcro tabs supplied in this kit are positioned accurately to the picture (fig.2). Fig.1 shows the assembled Seat Cowl on the bike.

Two strips of clear self-adhesive vinyl are supplied to protect the paint work on the bike (fig.3 & 4).
